

# ON THE HUNT

## HEAVY OIL

The Jackal™ series from MOTIV® has certainly made a big impact in the bowling industry and its reputation for massive performance continues with the Jackal™ Legacy. This hook-beast is designed to handle the heaviest oil conditions any bowler will encounter. Out of the box, bowlers can expect the powerful Jackal™ Legacy to provide loads of traction in heavy oil, a smooth motion, and a controllable shape.

## COERCION™ MXC SOLID REACTIVE

Without a doubt, this is one of the strongest covers in bowling today. What makes it truly special is not just the unbelievable traction, but the ability to continue down lane. Coercion™ MXC gives the Jackal™ Legacy traction in oil and strong down lane motion with continuation previously thought impossible.

## PREDATOR™ V2 WEIGHT BLOCK

The Predator™ V2 asymmetric weight block boasts a very low RG and loads of differential to maximize both revs and track flare.

15# RG: 2.47

15# Diff: .054

15# Int. Diff: .015

Flare: 7"+

## 2000 GRIT LSS FINISH

A 2000 Grit LSS finish provides plenty of traction in the oil to create added traction and control.
