

MAX THRILL™ PEARL & SOLID

LIGHT OIL | LIGHT OIL

Amp up the THRILL with the latest dry lane sensations from Motiv Bowling! Introducing the Max Thrill Pearl and Solid – the ultimate upgrade for dry lane conditions. Building on the incredible success of the Top Thrill line, these latest additions take performance to adrenaline-fueled levels like never before! Featuring advancements in both coverstock and core technology, these balls are engineered to push the boundaries of dry lane performance to the MAX!

HALOGEN™ | HALOGEN™ WEIGHT BLOCK

The outstanding Halogen core makes its triumphant return after six long years! This iconic core shape is an essential addition to any arsenal, providing unparalleled versatility and power.
15# RG: 2.55 | 15# Diff: .037 | Flare: 4"+

TURMOIL XP3 PEARL | TURMOIL XP3 SOLID REACTIVE

The Max Thrill Pearl features Turmoil XP3 Pearl Reactive coverstock to deliver a perfect balance of strength, cleanliness, and jaw-dropping angularity. You'll see a significant upgrade to the cover found on the Top Thrill Pearl that is sure to leave you in awe!
The Max Thrill Solid boasts a groundbreaking Turmoil XP3 Solid Reactive coverstock. Drawing inspiration from the legendary Venom Shock, the Turmoil XP3 cover strikes the perfect balance between cleanliness and aggression.

5500 GRIT LSP | 5000 GRIT LSS FINISH

A 5500 Grit LSP Finish on the Max Thrill Pearl and a 5000 Grit LSS Finish on the Solid tune these two balls to attack dry lane conditions. The new Max Thrill Pearl and Solid bring a new level of precision and power on light oil for both developing bowlers and seasoned pros alike.
