The game's evolved. If you want to stay on top, you need the right tools to dominate. That's where the Primal Rage Evolution comes in—it's not just an upgrade; it's a whole new level of power. The original Primal Rage was a game-changer, a ball that made heads turn and put MOTIV on the map. Now, over a decade later, the legend is back and it's ready to reclaim the crown. This medium oil beast offers unbelievable speed and power downlane.
