

# WIN IN **STYLE**

## **LIGHT OIL**

The pearl Freestyle™ Rush was given a differential boost and new shell to provide more shape down lane than the original Freestyle™ balls. Designed for light oil conditions, the Freestyle Rush gives bowlers more angle and greater continuation.

## **AGILITY™ LFP REACTIVE**

The new Agility™ LFP (Low Friction Pearl) Reactive cover retains more energy in high friction environments so it can deliver a stronger response down lane.

## **RECON™ WEIGHT BLOCK**

The core in the Freestyle Rush is the same Recon™ shape, but the 14# - 16# weight blocks have been given a performance boost to provide more backend motion.

15# RG: 2.60

15# Diff: .030

Flare: 2"+

## **5500 GRIT LSP FINISH**

The Freestyle™ Rush is tuned with a 5500 Grit LSP finish to further retain energy and compliment the intent of the cover stock.
