

CAUSE SOME MAYHEM

MEDIUM-HEAVY OIL

The new Villain™ Scorn is just plain vicious. This asymmetric pearl turns heads and turns sideways on the back of the lane! Engineered for medium-heavy oil, it offers powerful core dynamics and the latest innovation in angular cover technology from MOTIV.

HEXION™ SE REACTIVE

Hexion™ SE (Strength Enhanced) Reactive coverstock is the most angular coverstock ever offered by MOTIV®. This coverstock provides great length with a fast and deliberate response to friction.

SINISTER™ WEIGHT BLOCK

The Sinister™ weight block at the core provides the Villain™ Scorn with a higher RG to propel the angular cover down the lane and retain energy.
