

IRON FORGE™

AVAILABLE WORLDWIDE 11/24/2021

MEDIUM-HEAVY OIL

The Iron Forge™ is, without a doubt, the strongest pearl symmetric MOTIV® has made to date. The latest addition to the popular Forge™ line, the Iron Forge™ has the same Detonator™ core as previous Forges™, but with the proven Infusion™ MVP pearl seen on the Ripcord™ Velocity. The combination creates unbelievable angle on medium-heavy oil conditions.

INFUSION™ MVP PEARL REACTIVE

Around the Iron Forge™ is the Infusion™ MVP coverstock, the fastest response and most angular cover ever made by MOTIV®. Using this cover with such a strong core allows bowlers to see unbelievable angle on higher volumes of oil or earlier in their progression than they are able to use the Ripcord™ Velocity.

DETONATOR™ WEIGHT BLOCK

This low RG and high differential core is stable, with a wide footprint on the lane. This uniquely strong symmetrical core allows us to use such a clean and angular coverstock on moderately heavy oil patterns.

15# RG: 2.47
15# Diff: .055
Flare: 5"+

5000 GRIT LSP FINISH

A 5000 Grit LSP finish provides length through the front of the lane with enough traction to handle heavier volumes of oil.
