

RAPTOR™ SUPREME

LIMITED EDITION RELEASE 11/24/2021

HEAVY OIL

The solid Raptor™ Supreme from MOTIV® boasts incredible strength and continuation. Pairing a strong core and coverstock combination, the Raptor™ Supreme creates a very strong and controllable motion. Most impressive is the continuation through the pins from a ball that is this strong.

COERCION™ MXC SOLID REACTIVE

Featuring Coercion™ MXC Solid Reactive cover stock from the Jackal™ Legacy, the Raptor Supreme has plenty of traction for both long and heavy oil patterns. This cover is more aggressive than any cover ever found wrapped around the Affliction™ core.

AFFLICTION™ WEIGHT BLOCK

The fast-spinning Affliction™ core has a low RG and substantial differential. This combination gives the bowler both stability and strength.

3000 GRIT LSS FINISH

A 3000 Grit LSS finish allows the Raptor™ Supreme to store enough energy through the front of the lanes to drive on the backend.
