15	2.47	.055
14	2.49	.054
13	2.55	.045
12	2.62	.032

Strength meets speed with the introduction of the new Steel Forge. Built upon the chaos unleashed by the Evoke Hysteria, we took the same Propulsion MXV Pearl cover found on the Evoke Hysteria and wrapped it around the Detonator core to create an explosive down-lane reaction. This is a sleek, performance-driven pearl with teeth
