

PREPARE TO STRIKE **VENOM ExJ**

MEDIUM OIL

The Venom Shock – a name synonymous with the prowess of EJ Tackett, a titan of the bowling world. And what better way to honor his legendary 2023 Player of the Year season than with a ball bearing his name? Enter the Venom ExJ, a powerhouse of a ball is poised to dominate the lanes like never before, delivering unmatched strength and control when it matters most! Prepare to unleash the full force of EJ Tackett's legacy with the Venom ExJ. It's time to step onto the lanes and rewrite the history books!

GEAR™ WEIGHT BLOCK

the Gear Core has long been the gold standard for low rg / low differential cores. Its versatility and unwavering performance set it leagues apart from its counterparts.

15# RG: 2.48 | 15# Diff: .034 | Flare: 3"+

TURMOIL™ MXC SOLID REACTIVE

The original Venom Shock's Turmoil coverstock remains a timeless choice for those medium-dry lanes, but there are times when you need to kick it up a notch on fresher or slicker surfaces. Enter the Turmoil MXC Solid Reactive coverstock, harnessing technology from the Evoke and Forge Flare but on a more subdued cover base. With the Duramax additive sealing the deal, the Venom ExJ promises to seamlessly integrate into your lineup, offering a significant upgrade from the Venom Shock or standing tall as your benchmark ball.

2000 GRIT LSS FINISH

A 2000 grit LSS finish combines with the Turmoil MXC Solid Reactive coverstock to provide plenty of bite on the lane, creating a strong and controllable motion.
