MEDIUM-HEAVY OIL

The Raptor™ returns with the devastating new Affliction™ core! Introducing the exclusive Raptor™ Altitude limited edition bowling ball from MOTIV®. On medium-heavy oil conditions, the Raptor™ Altitude retains energy through the front of the lane before making a strong move toward the pocket. As higher volume patterns break down and friction builds, the Raptor™ Altitude will come alive!

INFUSION™ HV PEARL REACTIVE

This proven pearl cover gives great length and angularity that will allow bowlers to clear the front of the lanes and create angle with ease.

AFFLICTION™ WEIGHT BLOCK

The symmetric Affliction™ core combines a low RG and loads of Differential to harness energy and push further down lane before making a striking move to the pocket.

5500 GRIT LSP FINISH

The 5500 Grit LSP finish merges with the Infusion™ Pearl Reactive technology to provide length and angle in high friction conditions.
